## Clay Cross Active

## Exciting news! The construction of Clay Cross Active (Sharley Park) is starting in February.

The new leisure centre provides the residents of Clay Cross with a state of the art leisure facility and community hub. This is an exciting addition to Clay Cross and something that ISG are excited to be a part of.

### Upcoming Works in February & March

- Construction site set up.
- Asbestos removal.
- Demolition of the squash courts and sports centre façade covers.
- Reduce level excavation to the new building footprint

Please note, **the existing swimming pool and gym will remain open to users.** Further details can be found on the Council's website.

### Supporting Local People

Social Value Assistant, Santina, and North East Derbyshire District Council have been working together to form an active plan of how to support the local community. We are targeting local employment first and foremost as well as finding ways to support the people of Clay Cross.

ISG have links with Derby College and have plans in place to bring 3 T-Level students onto site over the next year.

We are looking forward to working with the local community in order to give the best support we can.

### Meet the Buyer Event

We recently held a Meet the Buyer event on 11<sup>th</sup> January where we engaged with local construction companies to see how we can collaborate on the project.

If you did not manage to make it but are interested to be involved in the project, please reach out to Santina via email: [Santina.virk@isg ltd.com](mailto:Santina.virk@isg ltd.com).

### Considerate Constructor

We are a founder member of the Considerate Constructors Scheme and take our role very seriously, working hard to minimise the impact of our works on residents.

We are committed to minimising any inconvenience that may be caused during the project so if you have any concerns, please contact:

Project Manager **Sean Smithson** via email on [sean.smithson@isg ltd.com](mailto:sean.smithson@isg ltd.com)

### Message from Project Manager, Sean Smithson:

ISG has worked closely with Alliance Leisure & North East Derbyshire District Council to develop the design from inception, and we are looking forward to seeing this through the construction phase to provide what will be an unbelievable facility for the local community.
