

ISG Update Clay Cross Active

ISG

ISG Easter Newsletter

Message from Project Manager, Sean Smithson:

We hope that the community shares in our excitement at the start of this unbelievable project. We aim to deliver this project with as minimal disruption to our local neighbours and businesses as possible, and hope that you pass through from time to time to see how our project develops.

Current and Upcoming Works:

- Reduced level excavation and demolition is nearing completion which will set us up nicely in preparation for the main substructure works beginning in May.
- The superstructure will start to take shape with a steel frame erection commencing in the summer period.

Please note, **the existing swimming pool and gym will remain open to users**. Further details can be found on the Council's website.

Supporting Local People:

Social Value Assistant, Santina, and Northeast Derbyshire District Council have now got a confirmed plan of how ISG will be actively supporting the community.

We have hired one previously unemployed local individual who will be receiving in house training to upskill his current ability.

Additionally, we have brought back Aman, a T-level student from Derby College. We have supported Aman on a previous project, Heath Primary School, Chesterfield. He will be continuing his learning at Clay Cross Active shadowing the ISG site team.

Considerate Constructor:

We are a founder member of the Considerate Constructors Scheme and take our role very seriously, working hard to minimise the impact of our works on residents.

We are committed to minimising any inconvenience that may be caused during the project so if you have any concerns, please contact:

Project Manager **Sean Smithson** via email on: sean.smithson@isg ltd.com

Any ideas in how we could support the community? Please contact: Santina.Virk@isg ltd.com
