

# ISG Update Clay Cross Active

ISG

## ISG Christmas Newsletter

### Message from the Project Manager, Sean Smithson

It has been a challenging couple of months on site due to the inclement weather. Despite this good progress has still been made. It has been a really good effort by all the workforce and the Christmas break will be well deserved for all.

We at ISG hope you all have a merry Christmas.

### Current and Upcoming Works:

- Roof coverings
- Ground floor slabs
- Completion of the steel frame
- External drainage

### Supporting Local People:

We have been busy helping the local community over the last few months!

Recently, a group was hosted from the Adult Learning Centre, and the ISG team gave them a site tour as well as insights into the construction sector.

We have been hard at work with Sheffield College and have attended a class to give a t-level workshop, interviewed and selected two students to complete their t-level course starting in January. This involves a deep insight into construction management to end in June 2024.

### Considerate Constructor

We are a founder member of the Considerate Constructors Scheme and take our role very seriously, working hard to minimise the impact of our works on residents.

We are committed to minimising any inconvenience that may be caused during the project so if you have any concerns, please contact:

Project Manager **Sean Smithson** via email on [sean.smithson@isqltd.com](mailto:sean.smithson@isqltd.com)

Any ideas in how we could support the community? Please contact: [Santina.Virk@isqltd.com](mailto:Santina.Virk@isqltd.com)
